Thought for the Week

"When we allow ourselves to feel fully how we are being acted upon, we can come in touch with a new life that we were not even aware was there... Imagine how important that message is for people in our world. If it is true that God in Jesus Christ is waiting for our response to divine love, then we can discover a whole new perspective on how to wait in life. We can learn to be obedient people who do not always try to go back to the action but who recognize the fulfillment of our deepest humanity in passion, in waiting. If we can do this, I am convinced that we will come in touch with the glory of God and our own new life. Then our service to others will include our helping them to see the glory breaking through, not only where they are active but also where they are being acted upon." - Henri Nouwen, "From Action to Passion"
